

- That the FCC should not implement any proposal that would lessen Indiana's Telephone Privacy law protections.
- How Indiana's Telephone Privacy law has improved your time at home.
- How effective Indiana's law has been (e.g., "I used to receive 12 calls per week, now I only receive one").

Thank you for your attention to this message. Working together, we can ensure the success of our Telephone Privacy program for many years to come. Once a law is passed because it is for the benefit of the people, DON'T keep changing it for MONEY reasons. Everything is constantly being based on MONEY MONEY can't it just be done because it is right
